

God is out tending the sheep

Are you easily influenced?
By who or what?

How can you change this?

Who do you influence and
how can you leader others
the right way?

"I am the good shepherd, I know my own sheep, and they know me." John 10:7

Shepherding is a dirty business. It involves protecting sheep from wolves and other wild animals, feeding, leading from one place to another and let's not forget the fabulous aroma.

We are sheep. We are easily distracted and prone to go our own way without some kind of leadership. God stepped out of heaven and was born in a manger, a feeding stall for animals (Luke 2:12). You could say shepherding was a job Jesus was born to do.

We, as followers of Christ, can become easily distracted. Everyone wants to lead us their way. Our friends want us to be like them. The culture says, "dress this way, listen to this music, play these video games, etc etc." We have to be careful who we are following otherwise they may lead us right off a cliff.

As a sheep, you have to remember who is the real leader. Jesus said, "I am the door to the sheep pen". I am the only way into the Kingdom of Heaven. God illustrates to us how much loves us by leaving 99 sheep to find the lost one (Luke 15:4-5)

Who else will feed us, protect us and put up with our smelly mistakes besides Jesus? Let Jesus lead you. Listen for His voice.
